

CAVITY SPACE ON A ROOFTOP

CAVITY SPACE
Graphic Illustration

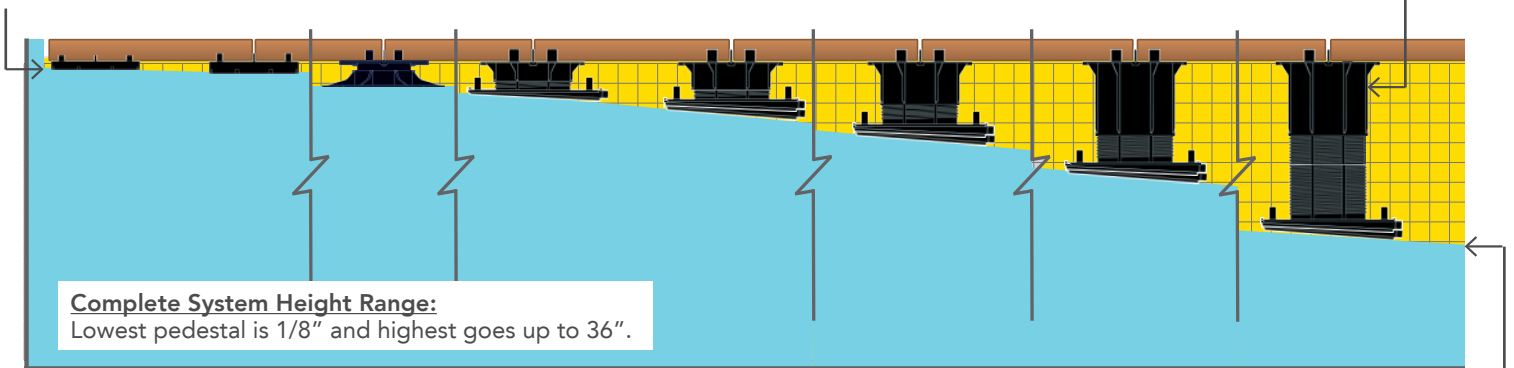

Bison Wood Tiles and Versadjust Adjustable Deck Supports

Roof System Highest Point

- Usually at the door threshold
- Gets shortest pedestal

Tallest Pedestal

Roof System Lowest Point

- Usually at the roof drain
- Gets tallest pedestal

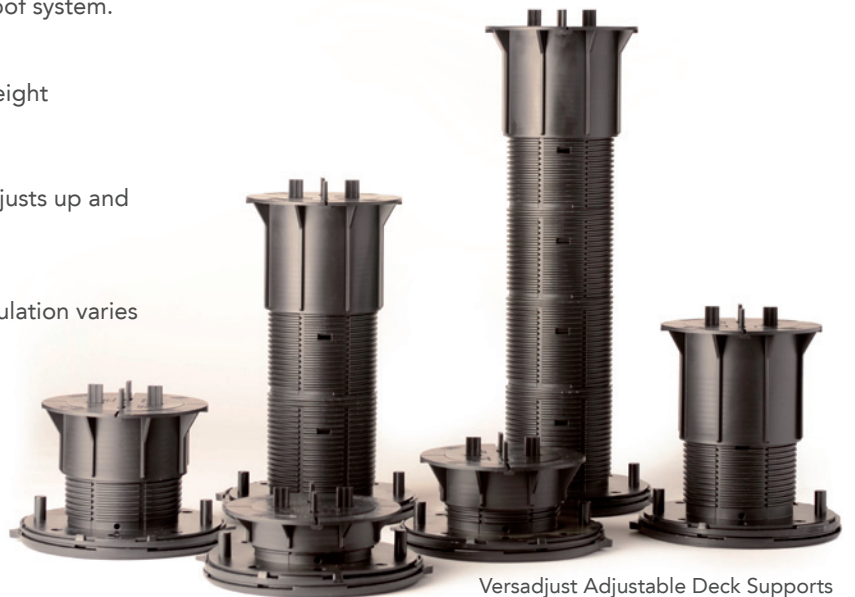

Decking Tile or Paver - This is the pedestrian deck.

The YELLOW area represents the **cavity space** between the decking tiles or pavers and the roof system.

Bison Stackable Pedestal - For low height applications.

Bison Adjustable Deck Supports - Adjusts up and down to support tiles or pavers.

Roof System - Waterproofing and insulation varies with every building.

Versadjust Adjustable Deck Supports
